
DO NOT OPEN THIS TEST BOOKLET UNTIL YOU ARE TOLD TO DO SO

T.B.C.: SU-2026 - RBAIMT

Test Booklet Series

**TEST BOOKLET
PAPER - I
GENERAL STUDIES
RANBHOOMI | AIMA 3.0**

Time Allowed: Two Hours

Maximum Marks: 200

INSTRUCTIONS

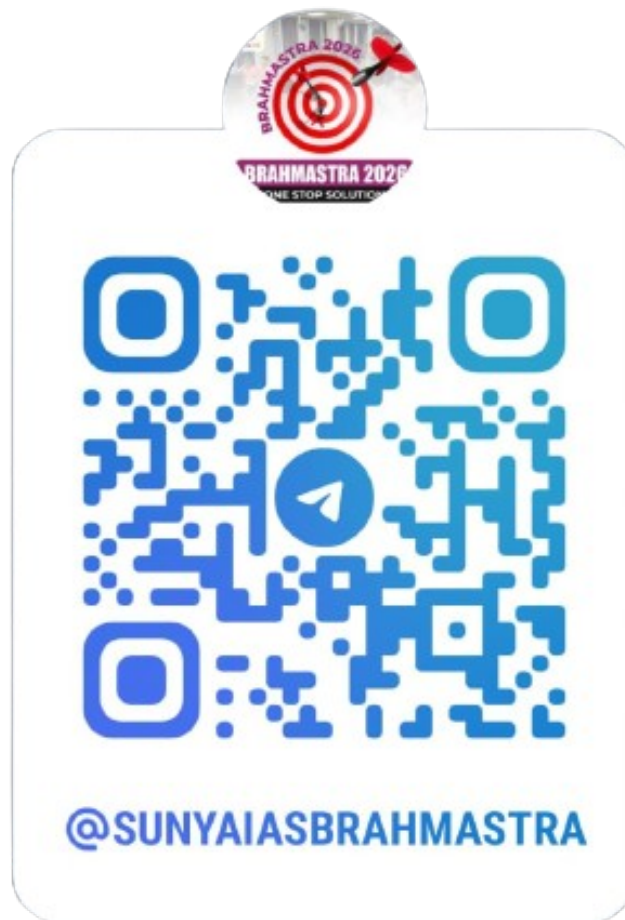

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES NOT HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. Please note that it is the candidate's responsibility to encode and fill in the Roll Number and Test Booklet Series Code A, B, C or D carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside.
DO NOT write **anything else** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item is printed **English**. Each item comprises four responses (answers). You will select the response you want to mark on the Answer sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose **ONLY ONE** response for each item.
5. You have to mark all your responses **ONLY** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. All items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in necessary particulars in the Answer Sheet as per instructions sent to you with your Admission Certificate.
8. After you have completed filling in all your response on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator **only the Answer Sheet**. You are permitted to take away with you the Test Booklet.
9. **Penalty for wrong answers:**

THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN THE OBJECTIVE TYPE QUESTION PAPER.

- (i) There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
- (ii) If a candidate gives more than one answer, it will be treated as a wrong answer even if one of the given answers happens to be correct and there will be same penalty as above to that question.
- (iii) If a question is left blank, i.e., no answer is given by the candidate, there will be no penalty for that question.

DO NOT OPEN THIS TEST BOOKLET UNTIL YOU ARE TOLD TO DO SO

1. Consider the following statements :

Statement I

India follows 'positive secularism' as opposed to 'negative secularism' practised in Western countries.

Statement II

The Indian State not only guarantees religious freedom but may also intervene in religious practices to ensure social reform and prevent discrimination.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement I and Statement II are correct and Statement II explains Statement I
- (b) Both Statement I and Statement II are correct, but Statement II does not explain Statement I
- (c) Statement I is correct but Statement II is not correct
- (d) Statement I is not correct but Statement II is correct

2. The term "unity and integrity" is mentioned in which of the following parts of the Constitution of India?

- (a) Directive Principles of State Policy (DPSP), Preamble and Fundamental Duties
- (b) Preamble
- (c) Preamble and Fundamental Duties
- (d) Fundamental Rights, DPSP and Preamble

3. Consider the following with reference to India

- I. Prime Minister
- II. Union Cabinet
- III. Speaker of the Lok Sabha
- IV. Union Minister for Parliamentary Affairs

The President of India may summon a session of the Houses of Parliament on the recommendation of how many of the above?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

4. Which of the following is/are the objectives behind listing of languages in the Eighth Schedule to the Constitution of India?

- I. To declare these languages as Official Languages of the Union of India
- II. To act as a symbol for the linguistic diversity of India
- III. To use the forms, style and expression of these languages in enriching Hindi language

Options

- (a) I and II only
- (b) II only
- (c) I and III only
- (d) II and III only

5. Consider the following statements with reference to India :

- I. A person is a member of Schedule Caste in a particular State. He can contest election from any other State for Lok Sabha from a seat reserved for Scheduled Castes.
- II. A person is a member of a Schedule Tribe in a particular State. He can contest election from any other State for Lok Sabha from a seat reserved for Scheduled Tribes.
- III. A person is a member of the Scheduled Castes or Scheduled Tribes community. He can contest an election from a general constituency.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

6. With reference to the no-confidence motion in the Lok Sabha, consider the following statements :

- I. Any member of Lok Sabha, who can garner the support of at least 100 other members, can, at any point of time, introduce a motion of no-confidence against the Council of Ministers.
- II. If the no-confidence motion is supported by the required number of members in the Lok Sabha, the Speaker must grant leave for discussion.
- III. The first no-confidence motion that led to the falling of a government was moved against the government headed by Prime Minister Jawaharlal Nehru.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

7. Consider the following with reference to the Supreme Court of India :

A = The quorum in the Supreme Court for hearing a case, other than a petition under Article 32 of the Constitution, which involves a substantial question of law as to the interpretation of the Constitution

B = The quorum in the Supreme Court for hearing a petition under Article 32 of the Constitution which raises a substantial question of law as to the interpretation of the Constitution

C = The quorum in the Supreme Court for the purpose of hearing any reference under Article 143 of the Constitution

What is the value of A+B+C ?

- (a) 12
- (b) 13
- (c) 14
- (d) 15

8. According to the Constitution of India, which of the following functionaries can be removed from the office by an order of the President if he/she, "in the opinion of the President, is unfit to continue in office by reason of infirmity of mind or body"?

- (a) Comptroller and Auditor-General of India
- (b) A Judge of the Supreme Court
- (c) A member of the Union Public Service Commission
- (d) Chief Election Commissioner

9. Consider the following authorities in India :

- I. Chairman of the Rajya Sabha
- II. Finance Commission of India
- III. State Information Commission

How many of the above are quasi-judicial authorities?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

10. Consider the following statements :

- I. A political party must secure at least 10% of the total seats in the Lok Sabha to have their leader formally recognized as the Leader of Opposition (LoP).
- II. When two or more opposition parties have the same number of seats in the Lok Sabha, the LoP is appointed after a vote in the House.
- III. The salary and allowances of the LoP cannot be varied to his disadvantage after his appointment.

How many of the provisions are mentioned in the Salary and Allowances of Leaders of Opposition in Parliament Act, 1977 ?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

11. In India, which of the following statements best describes the term 'judicial review'?
- The power of Judiciary to pronounce upon the constitutionality of laws and executive orders
 - The power of Judiciary to question the wisdom of the laws enacted by the legislatures
 - The power of Judiciary to review all the legislative enactments before being assented to by the President of India
 - The power of Judiciary to hear appeals against the judgments given by the lower courts
12. Consider the following statements regarding the Autonomous District Councils (ADCs) under the Sixth Schedule to the Constitution of India :
- The ADCs have the power to make laws on land and forest management, but these laws require the assent of the President of India.
 - The Governor has the power to dissolve an ADC.
 - ADCs have nominated as well as elected members.
- How many of the statements given above are correct?
- Only one
 - Only two
 - All the three
 - None
13. Which of the following articles of the Constitution of India provides for the "one person, one vote, one value" principle?
- Article 81
 - Article 112
 - Article 324
 - Article 326
14. Consider the following statements about the Model Code of Conduct (MCC) in India :
- The MCC is a set of statutory rules enforceable under the Representation of the People Act, 1951.
 - The MCC is valid from the date of announcement of the election schedule by the Election Commission of India till the end of voting day.
 - The MCC is not applicable to the election manifestos of political parties.
- How many of the statements given above are correct?
- Only one
 - Only two
 - All the three
 - None
15. With reference to the pardoning powers of the President of India and the President of the United States, consider the following statements :
- While the Indian President is constitutionally bound to act on the advice of the Council of Ministers, the US President exercises the pardoning power as an independent personal discretion.
 - In the USA, the President's power extends to both Federal and State criminal offenses, whereas in India, it is restricted to Union laws.
 - The US President can grant a pardon for "contempt of court," whereas the Indian President cannot.
- How many of the statements given above are correct?
- Only one
 - Only two
 - All the three
 - None

16. Which of the following agencies collects the monthly rural retail prices for the purposes of Consumer Price Index Numbers for Agricultural Labourers and Rural Labourers?
- Reserve Bank of India
 - National Statistical Office
 - Labour Bureau
 - Ministry of Commerce and Industry

17. Which of the following best describes the term 'strategic disinvestment'?
- Sale of minority shares of public sector enterprises to raise revenue for the government
 - Complete shutdown of loss-making public sector enterprises
 - Sale of a significant portion of government shareholding in a public sector enterprise along with transfer of management control
 - Merger of multiple public sector enterprises into a single entity

18. Consider the following :
- Borrowing of funds by the Food Corporation of India to cover shortfalls in food subsidy payments
 - National Highways Authority of India raising funds from the market to build infrastructure on behalf of the government
 - Creation of Special Purpose Vehicles to raise funds for government projects
 - Using the National Small Savings Fund to fund expenditures
- How many of the above are examples of 'Off-Budget Borrowings' by the Union Government of India?
- Only one
 - Only two
 - Only three
 - All the four

19. Consider the following :

- Indian companies with foreign currency denominated loans
- Indian IT firms exporting software services to the USA
- Indian pilgrims travelling abroad for religious purposes

- Domestic manufacturers competing with imported goods

How many of the above groups will be negatively affected by Rupee depreciation in India?

- Only one
- Only two
- Only three
- All the four

20. Consider the following roles :

- Work relating to administration of the Contingency Fund of India
- Dealing with issues relating to Public Debt and Market Loans of the Central Government
- Release of States' share of Central Taxes and duties to State Governments as per approved recommendations of the Finance Commission
- Handling of the issues pertaining to administration of Small Savings Schemes

Which of the following is responsible for the above roles?

- Department of Economic Affairs under the Ministry of Finance
- Reserve Bank of India
- Comptroller and Auditor General of India
- NITI Aayog

21. Consider the following instruments :

- I. Liquidity Adjustment Facility
- II. Open Market Operations
- III. Market Stabilisation Scheme
- IV. Forex swaps

How many of the above are instruments of liquidity management used by the Reserve Bank of India?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

22. A persistently high fiscal deficit in the Union Budget can lead to inflationary pressures in the economy because :

- I. The government borrowing crowds out private investment, reducing the supply of goods and services while demand remains high.
- II. Increased government revenue expenditure financed through borrowings raises aggregate demand without a matching rise in productive output.

Which of the statements given above is/are correct?

- (a) I only
- (b) II only
- (c) Both I and II
- (d) Neither I nor II

23. Consider the following :

- I. Household financial savings increase
 - II. GDP increases
 - III. Government revenue surplus increases
- In how many of the above cases, will the gross domestic savings necessarily increase?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

24. Which of the following can aid furthering the government's objective of digital financial inclusion in India?

- I. Promoting UPI-based transactions in rural and semi-urban areas
- II. Mandating all government welfare transfers through Direct Benefit Transfer
- III. Setting up Business Correspondent networks in unbanked villages
- IV. Providing digital literacy training to marginalised communities

Select the correct answer using the code given below :

- (a) I and II only
- (b) III and IV only
- (c) I, II and III only
- (d) I, II, III and IV

25. Consider the following :

- I. Merchandise trade
- II. Foreign Direct Investment
- III. Trade in services
- IV. Income from investments abroad
- V. External Commercial Borrowings
- VI. Remittances

The current account in the Balance of Payments consists of how many of the above?

- (a) Only three
- (b) Only four
- (c) Only five
- (d) All the six

26. Which of the following is not a most likely example of a non-tariff barrier?

- (a) Requiring mandatory licensing for all categories of imports
- (b) Imposing anti-dumping duties on artificially cheap foreign goods
- (c) Setting country-specific import quotas regardless of market demand
- (d) Mandating excessive and redundant testing procedures for imported products

27. Consider the following :

- I. The central bank should raise policy interest rates to reduce borrowing and spending
- II. The government should increase its expenditure on public welfare schemes
- III. The central bank should increase the cash reserve ratio to reduce money supply
- IV. The government should cut subsidies and rationalise its expenditure to reduce fiscal deficit

How many of the above are the measures most likely to be adopted to control inflation in an economy?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

28. Consider the following :

- I. The willingness of commercial banks to extend loans based on their risk assessment
- II. The level of Non-Performing Assets in the banking system
- III. The adequacy of capital maintained by banks as per regulatory norms

How many of the above directly impact the ability of credit creation by commercial banks in an economy?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

29. Consider the following statements :

- I. Primary activities directly involve extraction and utilisation of natural resources and include activities such as mining, fishing and forestry.
- II. Outsourcing of IT services by multinational companies to India is an example of a Secondary activity.
- III. Tertiary activities are also known as service sector activities and include trade, transport, communication and banking.

How many of the statements given above are **not correct**?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

30. Which of the following parameters is used by the Central Pollution Control Board to identify "Polluted Locations" and "Polluted River Stretches" in India?

- (a) Dissolved Oxygen
- (b) Biochemical Oxygen Demand
- (c) Chemical Oxygen Demand
- (d) Total Dissolved Solids

31. Consider the following statements :

Statement I : Application of smog-eating photocatalytic coatings to urban infrastructure like roads and buildings can significantly reduce air pollution.

Statement II : Smog-eating photocatalytic coatings use sunlight to break down nitrogen oxides and volatile organic compounds into harmless nitrates.

Statement III : Smog-eating photocatalytic coatings work by physically trapping pollutant particles on their sticky surface, similar to how an air filter captures dust.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement II and Statement III are correct and both of them explain Statement I
- (b) Both Statement II and Statement III are correct but only one of them explains Statement I
- (c) Only one of the Statements II and III is correct and that explains Statement I
- (d) Neither Statement II nor Statement III is correct

32. Consider the following information :

	Consumer Type	Method of Nutrition	Example
I.	Parasite	Lives on or inside a host organism, feeding on it without necessarily killing it	Tapeworm
II.	Predator	Actively hunts, kills, and eats prey	Ladybug
III.	Parasitoid	The larvae develop inside the host, feeding on its living tissue, eventually killing it	Parasitic Wasp

In which of the above rows is the given information correctly matched?

- (a) I and II only
- (b) II and III only
- (c) I and III only
- (d) I, II and III

33. Consider the following information :

	Factor	Type	Role in Ecosystem
I.	Soil pH	Abiotic	Determines nutrient availability and influences which plant species can survive
II.	Decomposers	Biotic	Break down dead organic matter and return nutrients to the soil
III.	Wind	Abiotic	Aids in pollination and seed dispersal
IV.	Humus	Biotic	Enhances soil fertility and supports microbial activity

In how many of the above rows is the given information **not correctly** matched?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

34. Consider the following with reference to India :

- I. National Park
- II. Wildlife Sanctuary
- III. Conservation Reserve
- IV. Community Reserve
- V. Biosphere Reserve

The Wildlife Protection Act, 1972 provides for how many of the above categories of Protected Areas in India?

- (a) Only two
- (b) Only three
- (c) Only four
- (d) All the five

35. Consider the following statements regarding energy flow in an ecosystem :

I. Energy flow in an ecosystem is cyclic, as energy is recycled through different trophic levels just like nutrients.

II. Energy available at higher trophic levels increases due to biomagnification and accumulation along the food chain.

III. On average, 10% of the energy available at one trophic level is transferred to the next higher level.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

36. How many of the following are impacts of rising global temperatures due to greenhouse gas emissions on freshwater river and lake ecosystems?

- I. Increased frequency of algal blooms
- II. Reduction in dissolved oxygen levels
- III. Coral bleaching
- IV. Migration of fish species towards cooler waters

Select the correct answer given below:

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

37. Consider the following statements :

- I. The term “environment” is not mentioned in the Seventh Schedule to the Constitution of India.
- II. The National Environment Policy, 2006 in India defines the term “environment”.
- III. “Green Federalism” is a cooperative governance framework where central and state governments collaborate on environmental policies.

How many of the statements given above are **not correct**?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

38. Consider the following :

- I. Atmospheric Nitrogen
- II. Nitrates
- III. Ammonium ions

In how many of the above forms do plants absorb nitrogen?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

39. Consider the following statements about fertigation :

- I. It significantly increases nutrient use efficiency
- II. It primarily delivers water-soluble fertilizers
- III. It reduces soil compaction
- IV. It is compatible with drip, sprinkler, and subsurface irrigation systems

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

40. Consider the following statements about aerosols :

- I. They reflect sunlight back into space, cooling the planet
- II. They provide a platform for water droplets and ice crystals to form and develop into clouds
- III. They increase the brightness of clouds, making them reflect more solar energy back into space
- IV. Some aerosols absorb sunlight, heat the surrounding air and prevent cloud formation

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

41. Consider the following statements :

Statement I : Studies indicate that the global aviation industry contributes disproportionately to climate change beyond its share of CO₂ emissions alone.

Statement II : Aircraft engines emit water vapour and soot particles that form clouds which trap outgoing longwave radiation.

Statement III : Aircraft engines emit nitrogen oxides at high altitudes which contributes to the formation of ozone.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement II and Statement III are correct and both of them explain Statement I
- (b) Both Statement II and Statement III are correct but only one of them explains Statement I
- (c) Only one of the Statements II and III is correct and that explains Statement I
- (d) Neither Statement II nor Statement III is correct

42. The term “Minus 5, Plus 10” formula, sometimes seen in discussions on Indian agriculture, refers to :

- (a) Reducing irrigation water usage by 5% while increasing crop yield by 10%
- (b) Reducing rice cultivation area by 5 million hectares while increasing its production by 10 million tons
- (c) Shifting 5% of agricultural workforce to allied sectors while increasing agricultural productivity by 10%
- (d) Reducing chemical input use by 5% and increase farm income by 10%

43. The Carbon Border Adjustment Mechanism (CBAM) is primarily intended to:

- (a) promote biodiversity conservation
- (b) ensure that imported goods bear a carbon cost equivalent to domestic products
- (c) finance climate adaptation efforts in developing countries
- (d) reduce plastic pollution at the global level

44. Which of the following regions has recently become the first in the world to legally recognise an insect species as a rights-bearing entity?

- (a) Congo Basin in Central Africa
- (b) Amazon region of Peru
- (c) Mekong Delta in Southeast Asia
- (d) Great Barrier Reef region of Australia

45. Consider the following pairs of Ashokan edicts/inscriptions and their descriptions:

Edit/Inscription	Description
1. Kanganahalli Inscription	Identifies Ashoka as "Ranyo Asoka" (King Ashoka).
2. Sannati Inscription	Ashoka greets the Sangha and recommends six Buddhist texts.
3. Kalinga Edicts (Dhauili & Jaugada)	Contains Ashoka's declaration "All men are my children."

How many of the pairs given above are correctly matched?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

46. With reference to the Gupta period, consider the following military equipment and attire:

- 1. Saddle
- 2. Reins
- 3. Buttoned coats
- 4. Trousers and boots

The adoption of how many of the above by the Guptas is generally considered to have been influenced by the Kushans?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

47. With reference to ancient Indian literature, the work 'Gathasattasai' relates to:

- (a) A Sanskrit drama composed during the Gupta period
- (b) A Prakrit anthology of short lyrical verses attributed to King Hala
- (c) A Buddhist philosophical treatise written in Pali
- (d) A Tamil Sangam text describing trade in South India

48. "A coastal settlement frequently mentioned in Sangam literature functioned as an important port of the Pandya kingdom. It was noted for pearl fisheries in the Gulf of Mannar and participated in maritime trade with the Roman world."

Which of the following best fits the above description?

- (a) Arikamedu
- (b) Korkai
- (c) Sopara
- (d) Tamralipti

49. With reference to heterodox philosophical doctrines in ancient India, consider the following statements:

1. Ajivikas believed that no human effort could alter Niyati (destiny), and therefore the doctrine of karma was ineffective.
2. Uchchedavada holds that everything is destroyed after death and there is no afterlife.
3. Akriyavada denies the existence of moral consequences of human actions and asserts that there is no fruit of good or bad deeds.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

50. With reference to the sites associated with the Indus Valley Civilization, arrange the following from west to east:

1. Sutkagendor
2. Harappa
3. Rakhigarhi
4. Shortugai

Select the correct answer using the code below:

- (a) 4-1-2-3
- (b) 1-2-3-4
- (c) 1-4-2-3
- (d) 4-2-1-3

51. Consider the following Indian literary works:

1. Ramcharitmanas
2. Panchatantra
3. Samaveda
4. Tirukkural

How many of the above have been included in the UNESCO's Memory of the World Asia-Pacific Regional Register?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

52. "A monumental open-air rock relief in South India, carved on two adjoining granite boulders contains more than hundred carvings of gods, sages, animals and mythical beings. A natural cleft in the rock is used to represent the flow of water from heaven to earth".

Which of the following monuments is described above?

- (a) Trimurti cave, Elephanta
- (b) Descent of the Ganges, Mahabalipuram
- (c) Kailasa Temple, Ellora
- (d) Varaha Cave Temple, Badami

53. With reference to the Somnath temple, consider the following statements:

1. It is regarded as the first Jyotirlinga among the twelve Jyotirlingas of Lord Shiva.
2. The temple is built in the Māru-Gurjara style of temple architecture.
3. The present temple structure was reconstructed during the Gupta period.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

54. Which of the following cultural elements are traditionally attributed to Amir Khusrau?

1. Development of Tarana musical form
2. Early use of Hindavi language in literature
3. Popularisation of Qawwali traditions
4. Composition of Padmavat

Select the correct answer using the code given below:

- (a) 1, 2 and 3 only
- (b) 1, 2, 3 and 4
- (c) 1 and 3 only
- (d) 2, 3 and 4 only

55. Consider the following description of a medieval irrigation device:

- It was operated with the help of a bullock to draw water from a well.
- The animal pulled a rope attached to a bucket, while another person emptied the water into channels.
- The device was described by Babur in Tuzuk-i-Baburi.

The above description refers to which of the following devices?

- (a) Dhenkli
- (b) Charasa
- (c) Araghatta
- (d) Shaduf

56. Consider the following information:

	News paper	Associated Revolutionary	Place of Publication
I.	Bande Mataram	Madam Bhikaji Cama	Paris
II.	Indian Sociologist	Shyamji Krishna Varma	Berlin
III.	Ghadar	Lala Hardayal	San Francisco

In how many of the above rows is the given information correctly matched?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

57. The term “Wagon Tragedy” refers to an incident that occurred during which of the following rebellions against British rule?

- (a) Indigo Revolt
- (b) Santhal Rebellion
- (c) Mappila Uprising
- (d) Telangana Rebellion

58. With reference to the Child Marriage Restraint Act, 1929, popularly known as Sarda act, consider the following statements:

1. It prescribed the minimum age of marriage as 18 years for boys and 14 years for girls.
2. The campaign that led to this legislation was spearheaded by Behramji Malabari.
3. The act initially applied only to Hindus in British India.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

59. “I want world sympathy in this battle of Right against Might.” This remark by Mahatma Gandhi was made in the context of:

- (a) Dandi March
- (b) Jallianwala Bagh Massacre
- (c) Champaran Satyagraha
- (d) Rowlatt Satyagraha

60. Consider the following statements regarding reactions to the Communal Award:

1. Mahatma Gandhi opposed the award as it granted separate electorates to the depressed classes, which he believed would divide Hindu society.
2. B. R. Ambedkar supported the award as it ensured political representation for the depressed classes.
3. The Indian National Congress formally accepted the award without any reservations.

How many of the statements given above are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

61. Consider the following:

1. The Discovery of India
2. Glimpses of World History
3. India Wins Freedom

Which of the above works were written by Jawaharlal Nehru?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

62. Arrange the following trade arrangements in the increasing order of comprehensiveness:

1. Preferential Trade Agreement (PTA)
2. Comprehensive Economic Partnership Agreement (CEPA)
3. Free Trade Agreement (FTA)
4. Early Harvest Scheme (EHS)

Select the correct answer using the code below:

- (a) 4 – 1 – 3 – 2
- (b) 1 – 4 – 3 – 2
- (c) 4 – 3 – 1 – 2
- (d) 1 – 3 – 4 – 2

63. The Indrajaal system, recently in news, refers to:

- (a) A satellite-based early warning system for detecting ballistic missile launches
- (b) An indigenous stealth drone developed for cross-border surveillance
- (c) A long-range surface-to-air missile system developed by DRDO
- (d) An indigenous drone defence dome to counter aerial threats

64. Consider the following statements with respect to International Conference on Financing for Development (FfD):

1. It is a biennial conference organised to review global development financing.
2. It is jointly organised by the UN Department of Economic and Social Affairs (UNDESA) and the UN Economic and Social Council (ECOSOC).
3. The Sevilla Commitment adopted under it aims to close the USD 4 trillion annual SDG financing gap in developing countries.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

65. Consider the following statements regarding a scheme:

1. It is a central sector scheme.
2. It aims to promote livelihood generation and cultural preservation among the six notified minority communities.
3. It is implemented by the Ministry of Minority Affairs.

Which one of the following schemes is best described by the above statements?

- (a) Nai Manzil
- (b) Pradhan Mantri Virasat Ka Samvardhan (PM-VIKAS)
- (c) SHRESTA Scheme
- (d) Pradhan Mantri Jan Vikas Karyakram (PMJVK)

66. Consider the following statements regarding the World Artificial Intelligence Cooperation Organization (WAICO):

1. It was proposed by China at the 2025 Asia-Pacific Economic Cooperation (APEC) meeting in Busan, South Korea.
2. WAICO aims to establish norms on issues of data sovereignty and algorithmic transparency.
3. It seeks to support developing countries in strengthening institutional capacities for AI regulation and deployment.

How many of the statements given above are **incorrect**?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

67. With reference to the Global Peace Index 2025, consider the following pairs:

	Region		Status in Global Peace Index
1.	Middle East and North Africa (MENA)	-	Least peaceful region
2.	South Asia	-	Second least peaceful region
3.	Europe	-	Largest regional decline in peacefulness

How many of the above pairs are correctly matched?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

68. Which one of the following best explains the concept of Coastline Paradox?

- (a) The measured length of a coastline changes primarily because tidal fluctuations periodically shift the land-sea boundary.
- (b) The length of a coastline continuously decreases over time due to coastal erosion and sediment transport processes.
- (c) The apparent length of a coastline varies depending on the resolution of measurement, as increasingly finer scales capture more irregularities of the coast.
- (d) The total length of a coastline increases mainly due to sea-level rise and the progressive submergence of coastal landforms.

69. Consider the following minerals:

1. Building stone
2. Gravel
3. Ordinary clay
4. Limestone

Which of the above are classified as minor minerals under the Mines and Minerals (Development and Regulation) (MMDR) Act, 1957?

- (a) 1 and 3 only
- (b) 2 and 4 only
- (c) 1, 2 and 3 only
- (d) 1, 2, 3 and 4

70. Consider the following description:

‘A community widely found in Telangana and Andhra Pradesh is also known as Sugalis or Banjaras. Historical accounts trace their origin to the Marwar region of Rajasthan. Traditionally, they were semi-nomadic traders who transported goods across regions, but this occupation declined during the colonial period. They speak “Gor Boli” (Lambadi) and are known for their traditional music by Dappans’.

The above description refers to which one of the following communities?

- (a) Bhil tribe
- (b) Lambada tribe
- (c) Gond tribe
- (d) Soliga tribe

71. Consider the following statements regarding the NPS Vatsalya Scheme:

1. It allows minor citizens, including NRIs and OCIs, to open pension accounts under the scheme.
2. The minimum annual contribution required under the scheme is ₹500.
3. The account is operated by a guardian until the subscriber attains 18 years of age, after which it converts into a regular National Pension System (NPS) account.

How many of the statements given above are **incorrect**?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

72. With reference to the Pact for the Future, consider the following statements:

1. It was adopted during the United Nations Climate Change Conference (COP) in 2024.
2. It seeks to accelerate progress towards achieving the Sustainable Development Goals (SDGs).
3. It was adopted only by developing countries within the United Nations system.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

73. In the context of national security strategy, “plausible deniability” is most closely associated with:

- (a) Nuclear deterrence doctrine
- (b) Covert operations and proxy actors
- (c) Warfare doctrines
- (d) Peacekeeping missions under the United Nations

74. With reference to Bharat NCX 2025, consider the following statements:

1. It is a national-level exercise conducted under the aegis of the National Security Council Secretariat (NSCS).
2. The exercise aims to enhance India’s operational preparedness in cyberspace through simulated attack scenarios.

Which of the statements given above is/are **incorrect**?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

75. With reference to the Khelo India Tribal Games (2026), consider the following statements:

1. The games feature seven medal sports along with indigenous sports such as Kabbadi.
2. Athlete selection for the games is conducted only through national-level trials organised by the Indian Olympic Association.
3. The mascot “Morveer” symbolises tribal pride and bravery.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

76. Consider the following statements regarding the Biological Weapons Convention:

1. It was the first multilateral treaty categorically banning a class of weapon.
2. It entered into force before the Chemical Weapons Convention.
3. States Parties may submit complaints to the United Nations Security Council (UNSC) if they suspect treaty violations.

How many of the statements given above are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

77. With reference to Notifiable diseases in India, consider the following statements:

1. It is legally mandatory for medical practitioners to report cases of the disease to the government.
2. Since health is a State subject, only the State Governments have powers to declare notified diseases.
3. Diseases such as AIDS, Hepatitis B and Malaria are included among the notifiable diseases.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

78. Consider the following statements about the Red Fort:

1. It was built in 1648 by the Mughal emperor Shah Jahan as the palace fort of his capital Shahjahanabad.
2. The fort complex includes a water channel known as Nahr-i-Behisht flowing through the palace pavilions.
3. The monument appears on the ₹200 note of the Mahatma Gandhi New Series.
4. It was inscribed as a UNESCO World Heritage Site in 2007.

Which one of the following changes in the above statements will make the statements correct?

- (a) Replace Shah Jahan with Humayun in Statement 1
- (b) Replace 2007 with 2024 in Statement 4
- (c) Replace ₹200 note with ₹500 note in Statement 3
- (d) Replace Nahr-i-Behisht with Nahr-i-Firdaus in Statement 2

79. Consider the following statements:

Statement-I: The World Food Prize is often described as the “Nobel Prize for Food and Agriculture.”

Statement-II: It recognizes individuals who have made outstanding contributions to improving the quality, quantity, or availability of food globally.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
- (b) Both Statement-I and Statement-II are correct but Statement-II is not the correct explanation for Statement-I
- (c) Statement-I is correct but Statement-II is **incorrect**
- (d) Statement-I is **incorrect** but Statement-II is correct

80. The Strait of Hormuz is located between which of the following pairs of countries?

- (a) Saudi Arabia and Iran
- (b) Iran and Oman
- (c) Oman and Yemen
- (d) Iran and Iraq

81. With reference to Jal Sanchay Jan Bhagidari Awards, consider the following statements:

1. It is initiated by the Ministry of Jal Shakti in collaboration with the Ministry of Housing and Urban Affairs.
2. Its objective is to promote public participation and CSR involvement in building, rejuvenating and maintaining water recharge and storage structures.
3. The awards are only honorary in nature and do not include any cash component.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All the three
- (d) None

82. With reference to the World Boxing Championships 2025, consider the following statements:

1. It marked the first time that both men's and women's events were held together in a single championship.
2. India finished at the top of the overall medal standings in the championship.
3. The championship was held in Liverpool in the United Kingdom.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

83. In demographic terms, when a country's Total Fertility Rate (TFR) falls below the replacement level, which of the following is most appropriate?

- (a) The population will contract immediately irrespective of migration.
- (b) The net reproduction of the population is insufficient for generational replacement in the absence of migration.
- (c) The crude birth rate has fallen below the crude death rate in the same year.
- (d) The country is in Stage I of the demographic transition.

84. Which of the following digital systems are integrated in the implementation architecture of PM RAHAT (Road Accident Victim Hospitalization and Assured Treatment) Scheme?

1. Electronic Detailed Accident Report (eDAR) platform
2. Transaction Management System (TMS 2.0)
3. Centralised Accident Data Portal of the National Crime Records Bureau

Select the correct answer using the code below:

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

85. Good Governance Day is observed annually in India on which of the following dates?

- (a) 25 November
- (b) 14 December
- (c) 25 December
- (d) 26 January

86. Consider the following situations:

1. A new technique used by traffickers to conceal narcotics in shipping containers is detected.
2. A fugitive involved in financial fraud needs to be provisionally arrested abroad.
3. A suspicious device used in ATM skimming operations is identified across several countries.

In which of the above situations would a Purple Notice of International Criminal Police Organization be most appropriately used?

- (a) 1 and 3 only
- (b) 2 only
- (c) 1, 2 and 3
- (d) 3 only

87. With reference to the concept of "Biohappiness", which of the following statements is **NOT correct**?

- (a) The term was coined by M. S. Swaminathan to denote a state of well-being and fulfilment derived from conserving and sustainably using biodiversity.
- (b) The concept emphasises improving human health, nutrition, livelihoods and ecological harmony through biodiversity conservation.
- (c) It primarily measures economic prosperity through biodiversity-based industrial production.
- (d) Keyi Panyor district of Arunachal Pradesh has been declared India's first Bio-Happy District.

88. With reference to the Emblems and Names (Prevention of Improper Use) Act, 1950, consider the following statements:

1. It prohibits the use of certain names and emblems for professional and commercial purposes without prior permission of the Central Government.
2. It includes items such as the Indian National Flag, Mahatma Gandhi's name and others.
3. The Act applies only within the territory of India and does not extend to Indian citizens abroad.

How many of the statements given above are **incorrect**?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

89. With reference to Article 51A(a) of the Constitution of India, consider the following:

1. Respect for the Constitution and its ideals
2. Respect for the National Flag
3. Respect for the National Anthem
4. Respect for the National Song

How many of the above are mentioned under Article 51A(a)?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All the four

90. With reference to the recent achievement of criticality by India's Prototype Fast Breeder Reactor (PFBR), consider the following statements:

1. India's Prototype Fast Breeder Reactor (PFBR) is located at Kalpakkam.
2. Unlike conventional nuclear reactors that use thermal neutrons, Fast Breeder Reactors use fast neutrons to sustain nuclear fission.
3. Criticality means that the reactor immediately starts supplying electricity to the power grid.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

91. With reference to major global crude oil benchmarks, which of the following is correctly matched?

- (a) Brent Crude – Extracted from the North Sea and used as a benchmark for oil traded in Europe, Africa and the Middle East.
- (b) West Texas Intermediate (WTI) – A light crude benchmark traded on the Intercontinental Exchange (ICE) and used for pricing crude in North America.
- (c) Dubai Fateh Crude – A medium crude benchmark primarily used to price crude oil exports from the Middle East to Europe.
- (d) OPEC Reference Basket – A weighted average of crude oils produced by OPEC members used as the primary benchmark for global crude oil trade.

92. Consider the following statements:

Statement-I: The Andes Mountains contain a large number of active volcanoes.

Statement-II: The Andes lie along a major subduction zone where oceanic plates sink beneath the South American Plate.

Statement-III: The Andes form part of the Pacific Ring of Fire.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement II and Statement III are correct and both of them explain Statement I
- (b) Both Statement II and Statement III are correct but only one of them explains Statement I
- (c) Only one of the Statements II and III is correct and that explains Statement I
- (d) Neither Statement II nor Statement III is correct

93. Which of the following best explains the significance of Atmospheric Memory in the Indian monsoon system?

- (a) It enables persistence of rainfall once the monsoon circulation is established, as the atmosphere retains moisture conditions from preceding rainy periods.
- (b) It causes the seasonal reversal of winds over the Indian Ocean by storing heat energy from previous summer seasons.
- (c) It determines the spatial distribution of cyclogenesis over the Bay of Bengal and the Arabian Sea through cumulative ocean heat content.
- (d) It regulates the strength of the Subtropical Westerly Jet over northern India during the winter season.

94. "Astronomers and sky watchers in high-latitude regions between 45° and 80° sometimes observe a glowing cloud layer in summer nights. These clouds appear after sunset when the Sun remains just below the horizon, allowing them to reflect sunlight even though the lower atmosphere is dark. They form in the mesosphere through ice crystals deposited on dust particles and are recognized as the highest clouds in the Earth's atmosphere".

The phenomenon described above is known as:

- (a) Lenticular Clouds
- (b) Mammatus Clouds
- (c) Noctilucent Clouds
- (d) Cirrostratus Clouds

95. Consider the following lakes:

1. Kolleru Lake
2. Gogabeel Lake
3. Kanwar Taal Lake
4. Wular Lake

Condition 1: The lake is located between two major rivers.

Condition 2: The lake is a Ramsar Site.

How many of the above lakes satisfy both the conditions?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

96. Two friends, Neel and Farah, were observing a large globe in their university library. Neel placed his finger on the line marked 0° longitude passing through Greenwich in London and remarked that geographers use this line as a starting point to measure longitudes around the world. Curious, Farah traced the same line southward across the globe and identified the countries that lie directly along it. In this context, consider the following statements:

1. The line passing through Greenwich serves as the internationally accepted reference for measuring longitudes east and west up to 180° .
2. If Farah traces this line southward across Africa, she would pass through countries Algeria and Ghana.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

97. The term “Wolf Moon”, sometimes seen in news, refers to:

- (a) The full moon that occurs when the Moon is at perigee during the winter season.
- (b) The traditional folkloric name for the full moon that occurs in January.
- (c) The full moon that occurs immediately after the winter solstice.
- (d) The full moon that coincides with a total lunar eclipse in the Northern Hemisphere.

98. Which of the following implications are associated with the slowdown of earth inner core rotation?

1. Variation in the duration of Earth's day
2. Possible influence on geomagnetic processes
3. Direct triggering of plate tectonic movements in the lithosphere

Select the correct answer using the code given below:

- (a) 1 and 2 only
- (b) 1 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

99. Consider the following pairs:

- | | |
|--------------------------|----------------------|
| 1. Benin | West Africa |
| 2. Kerem Shalom crossing | South America |
| 3. Socotra Island | Central Indian Ocean |

How many of the pairs given above are correctly matched?

- (a) None
- (b) Only one
- (c) Only two
- (d) All the three

100. ‘Along certain rocky coasts, narrow and deep recesses are sometimes observed cutting into sea cliffs along vertical planes of weakness in the rock. Over time, continued wave action widens their openings laterally until the feature gradually evolves into a broader coastal indentation’.

Which one of the following landforms describes the feature mentioned above?

- (a) Fjords
- (b) Chasms
- (c) Spit and Hook
- (d) Tombolos
